## Profile

Seeking a challenging role as a Graphics Designer and Video Editor, utilizing my extensive experience and expertise in the field. Committed to delivering high-quality visual designs and captivating videos for clients, with a keen eye for detail and strong problem-solving skills. Excited to contribute to a dynamic team and enhance brand communication through innovative graphics and compelling video content.

## Work Experience

### Graphics Designer and Video Editor Nepalese Esports Junction

- Developed innovative and visually compelling graphic designs for various digital and print media, including websites, social media platforms, and marketing collateral, resulting in a 20% increase in client engagement and brand recognition.
- Collaborated with cross-functional teams to concept, storyboard, and produce high-quality videos and animations that effectively communicated client's brand messages and product offerings, resulting in a 30% increase in video views and customer acquisition.
- Utilized advanced video editing software and techniques to enhance raw footage, add visual effects and motion graphics, and create seamless transitions, resulting in visually stunning and engaging video content.
- Managed multiple video editing projects simultaneously, ensuring timely delivery of high-quality videos that met client's objectives and maintained brand consistency, while effectively managing resources, budgets, and project timelines.
